Technology, Research and Development and Innovation: Towards the adoption of the Water Energy-Food Nexus in Egypt

|

Author(s)

Louis, Maryse Radwan, Amr Dahdouh, Sophie

Description / Abstract

This white paper calls for the need to carry out legal reforms related to knowledge and innovation, to develop and restructure the knowledge and innovation system in Egypt and to adopt a comprehensive program to foster an innovation and knowledge culture and stimulate innovation activities by small and medium-sized enterprises in the field of WEFN which will require strengthening the partnership between the public and private sectors to increase the volume of investment in innovation.
