Newsletter Edition #001

|

Description / Abstract

Introducing the WEFE4MED Newsletter

Welcome to the first edition of the **WEFE4MED Newsletter**, your go-to resource for the latest updates on the Water-Energy-Food-Ecosystems (WEFE) Nexus in the Mediterranean region.

In this edition:

- Celebrate the launch of the **WEFE Nexus Community of Practice (NCoP)**, a milestone for sustainable resource management.
- Discover cutting-edge projects like the DISTAL Lab's innovative insect farming and hydroponic systems for eco-friendly agriculture.
- Gain insights from the **6th Arab Water Forum** and webinars addressing drought management and integrated governance.
- Explore gender-focused approaches to empower women economically within the WEFE Nexus framework.

Join us as we share stories of collaboration, innovation, and progress toward a sustainable future.
